

Press release #3

Monday 02/12/2024, Antwerp, Belgium

REFOCUS to host its 1st Multiplier Event

On December 12, 2024, REFOCUS (REthinking and FOstering Competence and skills for sUustainable transport, Shipping, and logistics) will host its first multiplier event at the American College of Greece's Demos Center in Athens, Greece. The event invites educators, experts, and innovators to come together for learning, networking, and promoting collaboration.

The agenda includes a welcome from the American College of Greece and an overview of the REFOCUS project presented by the University of the Aegean. Sessions will focus on the project's key outputs, including Communities of Practice, MOOCs, the Education Hub, and Training Schools. Presentations from affiliate projects will address topics such as transformative education for sustainability, bicycle logistics, and digital safety training. Participants will also have opportunities for open discussions and networking, encouraging exploration of synergies for future collaboration.

The agenda can be found in the next page.

For more information, please do not hesitate to contact us or visit the project's website:
