

# REFOCUS Fact Sheet #2

*REFOCUS (REthinking and FOstering Competence and skills for sUustainable transport, Shipping, and logistics) Erasmus+ project develops innovative, student-centered curricula and training in transport, shipping, and logistics to empower individuals, especially those with fewer opportunities, and promote sustainability and resilience in a rapidly evolving market.*

## REFOCUS Project Communities of Practice (CoP)

### Objectives

- Engage in an interactive co-design process with educators, stakeholders, right-holders and students
- Support the development of a transdisciplinary, knowledge sharing and safe space, as the CoP, where educators from academic and (real-life world) practitioners discuss and co-create knowledge for facing climate change challenges that should be integrated into the educational programs

### 4 local CoPs

### 3 sessions per each local CoP + 1 transnational CoP
