

Press release #1

Monday 11/11/2024, Chios island, Greece

REFOCUS project participates in the 7th Conference on Sustainable Mobility (CSUM 2024) in Greece

The REFOCUS project contributed to the 7th Conference on Sustainable Mobility (CSUM 2024) with the article titled "Future-ready Transport, Shipping, and Logistics: Rethinking Competence and Skills in Response to Climate Change." The conference was held at Lake Plastira, Karditsa, Greece, from September 4–6, 2024.

The article, co-authored by Dr. Maria Karatsoli, Dr. Ioannis Karakikes, Prof. Maria Lambrou, and Assist. Prof. Ioanna Pagoni, was presented by Dr. Maria Karatsoli in the technical session "Climate-neutral and Sustainable Mobility in Practice". The paper examines innovative approaches to Transport, Shipping and Logistics (TSL) education, addressing the need for climate-resilient skills and competencies in response to the climate crisis, as an outcome of Task 2.3 "Report on Best Teaching Practices and Needs, Existing Programs, and Co-designing the Curriculum".

As part of the conference proceedings, the article will be published in the Scopus-indexed book series Lecture Notes in Intelligent Transportation and Infrastructure (LNITI) by Springer.

For any questions, please do not hesitate to contact us.
